

Labtech s.r.o., Hygienic Laboratory

Authorized Laboratory for examination of the health safety of products that come in to contact with drinking water and for water treatment

(regulation of Czech Health Ministry No. 409/2005)

Pod Nemocnicí 683, Klatovy, Czech Republic

The final assessment for the product AQ3 Home

Client:

Výzkumný Technologický Institut, s.r.o.

IČO: 25456962, Na Štáhlavce 1555/2, 160 00 Praha 6

Based on the hygienic requirements for products that come into contact with drinking water and for water treatment given by regulation of Czech Health Ministry No. 409/2005 (On the hygienic requirements for products coming in contact with drinking water and for treatment of water) and according to the protocols No.B15448/2014 and No. 783/2015

we declare,

that **AQ3 Home meets the requirements** for products intended to come into contact with drinking water and for water treatment. When testing at the point of consumption, it was found that the test product does not deteriorate the quality of incoming water and additionally achieves an improvement of some chemical and microbiological parameters and minerals (Calcium and Magnesium) presented in the treated water

This statement is valid for the tested sample as well for all materially identical products
