

## Labtech s.r.o., Hygienic Laboratory

Authorized laboratory for examination of the health safety of products  
that come into contact with drinking water and for water treatment

(regulation of Czech Health Ministry No. 409/2005)

Pod Nemocnicí 683, Klatovy, Czech Republic

### The final assessment for the product AQ3 Mini

Client:

Výzkumný Technologický Institut s.r.o.,

ICO: 25456962, Na Štáhlavce 1555/2,160 00 Praha 6 - Dejvice

Based on the hygienic requirements for products that come into contact with drinking water and for water treatment given by regulation of Czech Health Ministry No. 409/2005 (On the hygienic requirements for products coming in contact with drinking water and for treatment of water) and according to the protocols No. 17/2018

we declare, that

**AQ3 Mini**

**meets the requirements**

for products intended to come into contact with drinking water and for water treatment. When testing at the point of consumption, it was found that the test product does not deteriorate the quality of incoming water and additionally achieves an improvement of some chemical and microbiological parameters presented in the treated water.

**This statement is valid for the tested sample as well for all materially identical products**
